Injured on the Job?

We Can Help!

QUESTIONS MOST ASKED

Q. Why help me, you don't even know me?

A. It's simple, if we the injured don't care and help one another, who will? We are tired of injured workers being treated differently because they were injured in the workplace. The best information about workers compensation comes from other injured workers.

Q. Won't I get into trouble and fired for reporting an injury?

A. This is becoming a favorite scare tactic of some companies. The answer is **NO!**

HOW CAN THE P.F.I.W. HELP?

The Pennsylvania Federation of Injured Workers (P.F.I.W.) is a "grassroots" nonprofit organization for injured workers, their families, friends and people who care about injured workers.

Join the PFIW today
and
get the help you need
to
save a lot of aggravation!

Features - We are a support group, at your side, whenever you need us!

Benefits - Injured workers get information to help them understand the workers compensation system and how it works. Injured workers have rights!

Members - We have the information for people injured on the job needed to get them through the process of becoming whole again.

Action- We are organizing injured workers to approach lawmakers to approach lawmakers and demand our rights and individuals and get laws enacted that will benefit injured workers.

By joining the P.F.I.W. you have people to turn to for help. These people have gone through the system and know what happens during an injury claim. Join the team and get the support you need today!
